

# Jump Starter Program

The Jump Starter Program is a partnership between The Beekeepers of Indiana (TBol) and local beekeeping clubs (i.e. **SIBA**) to assist more people to get involved in beekeeping. SIBA may only submit one application for **1 new beekeeper per calendar year**. As we (SIBA) can only select one applicant, we ask that you provide us with a **letter stating why you would like to begin beekeeping by December 31, 2024**. Our Board of Directors will review applicants' letters and **select only 1**. At this time, we will notify the applicant and submit an application to the TBol Jump Starter Program Committee by the January 31, 2025 deadline. Note: Applications for the program may only come from clubs, not from applicants. Approved applications will receive a "kit" from TBol. Details outlined below:

## Program Rules

1. Future beekeepers will notify SIBA Board of Directors of their interest in the Jump Starter Program by **December 31, 2024** via **written submission of a letter stating why the applicant would like to begin beekeeping**. Interested applicants must agree to TBol rules.
2. SIBA Board of Directors will read letters from all applicants and **select only 1** to submit to the Jump Starter Program Committee. Letters will be chosen based on genuineness and belief that the candidate will follow through with the hobby and responsibilities to fulfill program requirements and become an excellent beekeeper.
